

DUI PROGRAM CURRICULUM

for Alcohol & Drug Program Providers

Safety Center's Alcohol & Drug programs were developed in 1971 when Safety Center spearheaded the creation of California's first Driving Under the Influence program. Our professional experience and reputation are unparalleled in the industry.

ABOUT SAFETY CENTER

Safety Center Incorporated is a 501(c)3 corporation founded in 1934. Its mission is to reduce injuries and save lives by empowering its community to make positive lifesaving decisions.

WHY CHOOSE US?

-  **For 45 years**, Safety Center has been a leader in providing DUI programs.
-  **Ensure compliance with Title 9.** Safety Center's program is compliant with Title 9 and new standards recommended for DUI Programs by the DHCS Education Standards Sub-Committee.
-  **Consistent quality and professional DUI program delivery.** Counselor Manual includes sample responses for questions and activities to facilitate education and group process sessions.
-  **Uses evidence-based theories proven to change behavior.** Study Guides use an interactive format with non-directive questions and written responses, which is proven to increase learning and retention.

Safety Center is proud to launch a new curriculum for California DUI programs. Education Sessions meet Title 9 requirements and the new DUI curriculum standards recommended by the DHCS Education Standards Sub-Committee.

Safety Center's DDP Program can help you:

- ▶ **Ensure compliance with Title 9.** Safety Center's program is compliant with Title 9 and new standards recommended for DUI Programs by the DHCS Education Standards Sub-Committee.
- ▶ **Provide consistent quality and professional DUI program delivery.** Safety Center's Counselor Guides include sample responses for questions and activities to facilitate education and group process sessions.
- ▶ **Use evidence-based theories proven to change behavior.** Safety Center's Study Guides use an interactive format with non-directive questions and written responses increases learning and retention.

Program Survey Results show 93% of participants have changed behavior related to their DUI.

- ▶ 49% changed in the last six months.
- ▶ 44% sustained change for six months.

"The current curriculum and clinical approach employed by the DUI program at Safety Center Incorporated follows the mainstream Cognitive-Behavioral Therapy (CBT) approach commonly found in counseling psychology, which emphasizes the recognition and awareness of one's drinking problems and following specific prescriptions of behavioral modifications that aim at recognizing stress-provoking events and coping skills." Dr. Sheldon Zhang, SDSU Research Foundation

★ Counselor Manual and Study guides can also be customized with your program logo or name on the cover for a one-time artwork set-up fee of **\$50.00**
