

ADOPT-A-CLASS

Due to cuts in education, many of our school districts do not have the discretionary funds to pay for transportation for field trips. By supporting the "Adopt-A-Class" program, your company will provide the funding for transportation to Safetyville USA for up to 60 students from an area elementary school. These children will experience memorable life-saving lessons – all thanks to YOU!

At Safetyville the children will learn and practice a variety of health and safety skills that focus on the following topics:

WHY?

- ▶ The number one cause of death to children in the United States is injuries caused by preventable accident.
- ▶ At Safetyville USA children can learn the skills necessary to help keep them safe.
- ▶ The safety lessons learned at an early age will be carried with them making them safer adults, parents and employees.
