

BUILDINGS AVAILABLE TO SPONSOR!

The mission of Safety Center is to reduce injuries and save lives by empowering our community to make positive life-changing decisions by providing safety education and training.

Safety Center offers a unique children's safety program called Safetyville USA. Located in Sacramento, this miniature city sits on three and a half acres. Groups of 10-20 children (four years old through third grade) or developmentally disabled adults take a highly interactive guided tour of Safetyville.

They learn such life-saving skills as how to cross a street safely; what to do in case of fire; how and when to dial 9-1-1; railroad crossing safety; safe and unsafe strangers; bicycle safety; and animal safety.

And we have a fun way for you to contribute to our life-saving program:

SPONSOR A BUILDING IN THE UNIQUE CITY OF SAFETYVILLE USA!

For an annual contribution your company can be among good neighbors who share a passion for children's safety. Safetyville has vacancies for freestanding buildings, double store fronts, single store fronts, and custom build site options.

All Building Sponsorships are customizable to meet your marketing and corporate philanthropy goals.

FOR MORE INFORMATION, contact us at: 916.438.3355 or info@safetycenter.org

Safetyville offers great value in your marketing investment.

Approximately **14,000** children & adults visit Safetyville usa each year.

Support the life-saving children's safety education program at Safetyville USA by sponsoring a building today!
